THE REFLECTIVE SUPERVISOR TRAINING PROGRAM

*Understanding Yourself,
Guiding Others*

This training helps supervisors strengthen both their internal leadership capacity and their practical supervision skills.

Develop skills that foster

- ✓ *Trust*
- ✓ *Staff autonomy*
- ✓ *Stronger team performance*

Effective supervision requires more than managing tasks—it involves guiding, supporting, and developing people. This training helps supervisors strengthen their leadership by building greater self-awareness and equipping them with practical strategies for conducting meaningful supervision conversations.

Developed by the

 Nebraska Center on
Reflective Practice

The Reflective Supervisor Training

🕒 2 months

2 one-hour pre-training consultation calls

(2-3 weeks prior to training)

- *reflect on leadership experiences*
- *explore strengths and challenges in supervision*

2 days of in-person training

2 one-hour post-training consultation calls

(2-3 weeks following training)

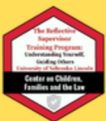

- *reflect on experiences applying skills in supervision practice*

Did you know?
